

A. African Mammals

Includes original books, reports, monographs, or entire journal issue parts (though the catalogue may not be complete for the last-mentioned as it's sometimes hard to know whether parts comprised entire issues or not). Excludes single-paper reprints, photocopies or pdfs of reports, journal papers or other publications. Also excludes publications in the Conservation catalogue (e.g., IUCN and Red List publications).

Publication details (e.g., year; edition; publisher) are for items in collection
